The camera's fish eye lens gives a slightly surrealist impression of the new Sturgeon General Hospital, officially opened in St. Albert Aug. 5. Approximately 400 district residents turned out to witness official opening ceremonies. Photo by Vic Post

## Hundreds attend opening Sturgeon General Hospital

A crowd of close to 400 residents of Hospital District No. 100 braved temperatures in the high 80's last Wednesday afternoon to witness official opening ceremonies for the new Sturgeon General Hospital in St. Albert.

It was a time for congratulations all around as those present saw the final realization of a project that has been five years in the planning and building.

As official representative of the Alberta Government, Provincial Treasurer Hon. A. O. Aalberg congratulated the board of trustees of the hospital on their perseverance in seeing the project through to completion.

"You held out for a 100-bed hospital and I am sure you will have no regrets about the time and effort you have devoted to seeing this fine project successfully completed."

"The people of Alberta and their government have always placed high priority on those things what would maintain and improve the health of all the people of the province."

Describing the hospital as "the last word in accommodation and facilities" Mr. Aalberg reminded those present that the province has only "your money to spend but it does have a responsibility to you for why and how that money is spent and I am convinced that in providing funds for this hospital, a good choice has been made."

Mr. Aalberg then unveiled a plaque marking the opening of the hospital and took part in a traditional ceremony in which a gold key is transferred from the architect to the official custodians of the hospital. The key was presented by architect Gordon Forbes to Board Chairman J. William Flynn, then to Mr. Aalberg and finally to Administrator Gordon Townsend.

Ceremonies and official speeches were kept deliberately brief out of deference to the crowd and platform guests sitting under glaring sunshine.

In introducing Mr. Aalberg, Keith Everitt, MLA for St. Albert constituency, pointed out that the new Sturgeon General Hospital represented the 120th public general hospital in the province, all of which combine to provide 5.9 beds per thousand of population.

Board Chairman William Flynn drew appreciative chuckles from the crowd when he referred to the board as being "the hospital board in office longest -- without a hospital."

Now, five years and two and three-quarters million dollars later, he said, it was a most meaningful day and the climax to many years of hard work and co-operation between the federal, provincial and four municipal governments involved.

Bringing greetings from the MD of Sturgeon was Reeve Lawrence Klutke, also a member of the board of trustees of the hospital, who admitted that "we almost gave up the ghost on some occasions." He expressed satisfaction and pride with the hospital facility which had finally evolved.

## Scrambled eggs - the hard way

John Galdica and Graham Blacklock of the St. Albert Hardware closed up shop as usual Friday evening and were heading for home just as gale force winds swept through this area.

Graham managed to fight his way to his car parked behind the block, but Johnny wasn't quite so lucky. It must be admitted he had a couple of strikes against him to begin with as he was trying to balance two dozen eggs as he was being buffeted about.

Rounding the corner of the building into a particularly strong blast of wind, Johnny lost his bearings and smashed into the wall of the building, was pummeled by a

flying ashcan, and ended up with scraped knees, cheeks, ankles and arms -- to say nothing of the proverbial egg on his face -- and just about everywhere else on his person.

Meanwhile Graham was concentrating on battling his way home through the storm, completely unaware of his brother-in-law's sticky predicament.

While it might be a pretty painful episode for Johnny at the moment, he can take heart when he thinks of the mileage he can get out of the story in years to come. It's a sure thing he won't forget the "big blow back in '70" for quite a spell.

## Works Chairman leaves Council

Councillor J. J. Bakker has resigned his seat on St. Albert Town Council to spend a year's sabbatical leave in Holland.

An associate professor of civil engineering at the University of Alberta, Mr. Bakker will be studying and teaching at Technische Hogeschool, Delft, Holland. He has served on council since 1964 and as public works chairman throughout

his six years in office.

The Bakker family have leased their home in St. Albert and will return Sept. 1 of next year.

Councillor Frank Lukay has replaced Councillor Bakker as chairman of public works committee.

JOHN BAKKER

## Severe hail storm hits Morinville area

MORINVILLE: On Friday evening a vicious and devastating hail storm levelled a large area in the Morinville district with 100 per cent losses for an eight mile

wide strip from east of Morinville to Coronado.

Other severe hail damage has been reported in the Legal, Bon Accord, Volmer, Villeneuve, Cardiff areas.

Gardens have been pounded into pulp and several farm homes and buildings have reported damage by walnut sized hailstones driven by 50 mile an hour winds. East of Morinville, 2 1/2 inches of rain fell in 30 minutes. On the Roland Ricard farm, south east of Cardiff, 45 foot high pines were felled by the storm. Windows were reported broken in several homes and at one farm the front door, a glass panel in an aluminum frame type was actually blown in the front room in many places along with blown in windows.

The storm cut a very wide path reaching from Coronado to Volmer in some areas. Extent of damage varies from 50 per cent to 100 per cent. Some farmers carried hail insurance, but many others are left with no revenue as they are farmers with no stock. A conservative estimate of the crop loss alone has been valued by a responsible agent as over a million dollars.

Many farmers are ploughing in their fields as they prepare for better luck in 1971.

judge the final winner of the award, to be donated at the annual Chamber of Commerce dinner, Nov. 27.

Citizens are also invited to submit names and pertinent information to the Chairman, Citizen of the Year Committee c/o Grandin Agencies, Grandin Shoppers Park, St. Albert.

## Search on for citizen-of-yr.

The St. Albert and District Chamber of Commerce has completed its first mailing to service organizations and clubs soliciting their support in recommending candidates for the 1970 Citizen of the Year Award.

A board of responsible citizens will be selected to

## Local girl at Mexico seminar

Rachelle Cournoyer daughter of Mr. and Mrs. Daniel Cournoyer, 4 Garrett Drive, is presently taking courses at the Institute of Contemporary Latin American Studies in Cuernavaca, Mexico.

Rachelle Cournoyer

She is also attending a World University Service International Seminar on "Education and Social Change." Under the direction of Dr. Wilfrid Dube, 23 participants from universities across Canada are involved. Rachelle, a recent graduate (B.A.) of the University of Alberta, is its representative.

Rachelle is a former student of St. Albert High School

## District man loses eye in farm accident

MORINVILLE: Hector Boisjonnault a well known Morinville district farmer, suffered the loss of an eye and severe facial injuries recently in a farm accident. Mr. Boisjonnault was testing

a tank with compressed air when the tank blew up. In addition to losing his eye, Mr. Boisjonnault sustained a fractured and fragmented cheek bone that required

plastic surgery to mend. He has now recovered from the large loss of blood suffered and is awaiting his new glass eye as soon as conditions permit.

## Mayor's salary updated

The mayor's salary came up for discussion at last week's finance committee meeting and it was decided that it was time to update it.

Set at \$6,000 per annum in October, 1966, the salary has not been reviewed since. It was not included in those salaries that are increased or decreased to the extent of the cost of living index of the previous year.

A finance committee recommendation that the mayor's salary be increased effective Aug. 1, 1970, by 5.5 per cent, representing the cost of living increase for 1969, was approved by

council Monday. The only dissenting vote was cast by Councillor John de Bruijn who wished it recorded that he was opposed to the recommendation because he considers the increase inadequate.

A further finance committee recommendation that effective Jan. 1, 1971, the mayor's salary be treated the same as all other administrative staff salaries and be increased or decreased by the cost of living of the previous year, received unanimous approval of council.

## Neil Rae wins swim contest

Thirteen-year-old Neil Rae of 7 Gaylor Place, was winner of a swim contest at Alberta Beach on the August long weekend. The event is held annually as part of Alberta Beach celebrations.

Neil, the youngest contender in a field of 10, covered the two-mile course in 44 minutes, 45 seconds to take top place. Contestants were required to swim from Rock Island to the beach. Neil will hold the trophy for this event for a year and he's been presented with a plaque for his permanent possession.

This is Neil's second try at top place in the swim contest. Three years ago, at the age of 10, he was a second-place winner.

Neil is a member of the St. Albert Swim Team.

## St. Albert dominates Hinton Swim Meet

St. Albert swimmers travelled to Hinton Aug. 9 to compete in the Hinton Water Devils Swim Meet and dominated the event coming up with 20 firsts, 15 seconds and eight third place ribbons in the individual events.

Hinton managed to stay quite close until the team events started and St. Albert really turned it on winning 11 of the 16 relays. They also picked up three seconds and a like number of third place ribbons.

Barbara McCaffery was the individual winner with four firsts followed by Denise Saville and Peter Odling who each won two firsts.

The Richard Fowler family had a productive meet as they were in the top three finishers a total of six times, with James and Christine getting firsts.

Eakinos won the best of three Mite Division championships against the Totems early in July, with a final 15-5 win. Terry Blachler picked up the win and had a home run. Members of the winning team are: front row, left to right, Terry Blachler, Marty Schelbelhofer, Pat Merrigan, Bradley Liptak. Back row, left to right: Colin Parayko, Bernie Penner, Donny Hesselwood, Willie Sanche, Darrell Garrick. Coach Mr. Garrick is top left and assistant is Rudy Schelbelhofer.

## Sturgeon Hospital

FROM PAGE 1

Mayor R. M. Gibbon extended greeting and welcome to those present from the Town of St. Albert, encouraging them to be sure to choose a room with a southern exposure should they ever be patients in the hospital. In this way, they would be able to view "the garden spot of Alberta," he said.

Deputy Mayor Vince Curtis of Morinville represented Mayor Arthur Stapleton who was unable to attend the ceremony. He paid tribute to the Board of Trade of Morinville and the St. Albert Chamber of Commerce for initial representations to the government for a hospital in this area.

Mayor Leon St. Martin of Legal referred to the "hard struggle" that had gone into "what you will be open to survey as the doors open." Mayor St. Martin has served as a member of the hospital board since its inception.

Welcoming "this institution and the people associated with it" into the Alberta Hospital Association was Mr. Pat French representing the association and its member hospitals.

Dr. Walter Mirlin, representing the Council of the College of Physicians and Surgeons, congratulated all

## Senior Citizens enjoy outing

Five Lions entertained 22 of St. Albert's senior citizens at Elk Island Park Sunday afternoon. Elmer Harrison, John Huberdeau, Peter Turton and their families, Mr. and Mrs. Charles Murin and Mr. Freethy enjoyed their role as hosts. Peter presided as chef at the barbecue and the Lions and ladies served lunch. Elmer arranged for a number of games, and the group visited the Ukrainian Centre in the Park.

those connected with the building of the hospital for its "all-around excellence." The people of the area will be forever in their debt, he added.

Other platform guests from the afternoon's ceremonies were Miss Betty Drury, director of nursing, Administrator Gordon Townsend, D. Gordon Forbes, architect, Otto Wunsch, representing the general contractor Harsim Construction Board members Roger Blackburn, John de Bruijn and Stanley Walker, Father Georges Primeau and Rev. Leonard Musto, who pronounced the invocations.

Following the ceremony, spectators were invited to tour the hospital and enjoy refreshments served in the cafeteria.

Chairman for the afternoon program as well as for the dinner held in conjunction

with the opening ball at the Edmonton Inn the same evening, was Richard Fowler, public affairs chairman of the hospital board of trustees.

Head table guests at the evening function were Miss Betty Drury, Mr. and Mrs. Gordon Townsend, Dr. Lionel Dobson, member of the board of directors of the Alberta Medical Association and Mrs. Dobson, Mr. and Mrs. William Flynn, Mr. and Mrs. Keith Everitt and Mr. and Mrs. Fowler.

All signs of work and worry that had preceded opening day celebrations for the hospital disappeared as the 200 people present — including representatives of all parts of the hospital district and many staff members from the new hospital — enjoyed an evening of dancing to the music of Al Brault and his orchestra.

## Town of St. Albert

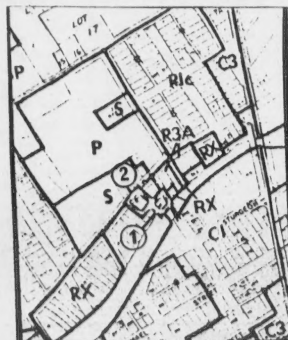

### NOTICE OF INTENTION

The Council of the Town of St. Albert having been given authority under Section 119 of the Planning Act, 1963, as amended, to control development within the boundaries of the Town of St. Albert by zoning, will hold a second Public Hearing.

The purpose of the hearing is to rezone the following area —

All of Lot 74, Block 4, Plan G, with the exception of the most northerly 140 feet measured perpendicular from Mission Avenue (Area 1 on plan) be rezoned to Public Use (P) from Commercial Class 1 (C) and The most northerly 140 feet measured perpendicular from Mission Avenue of Lots 75 and 76, Block 4, Plan G (Area 2 on plan) be rezoned to Commercial Class 1 (C1) from Public Use (P).

The purpose of the rezoning is to accommodate approximately eight sq. ft. of store area.

The proposed Bylaw #25/70 may be examined between the hours of 9 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer, Town Hall, St. Albert.

The public hearing will be held in the Council Chambers on the 14th day of September, 1970, at 7:35 p.m.

Written objections to the proposed bylaw will be received by the Secretary-Treasurer at his office until 4:30 p.m. on the 9th day of September, 1970. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

D. R. O'Connell,  
Secretary-Treasurer.

"Tell me," the social chairman of the ladies' group asked the speaker, "do you believe in clubs for women?"

"Only," he responded, "if kindness fails."

Woman: "Is it safe to wear this coat in the rain?"

Furrier: "Lady, did you ever see a squirrel carrying an umbrella?"

## Sask. Youth Band Concert Aug. 19

St. Albert and district residents will have an opportunity to hear one of the finest groups of young musicians in Canada perform next Wednesday evening when the Saskatchewan Youth Band presents a free outdoor concert in Lions Park.

The 75 young people from 13 different communities in Saskatchewan are on a two-week tour of Saskatchewan and Alberta and will appear in St. Albert under the joint sponsorship of the Saskatchewan Department of Education and the St. Albert Breakfast Lions Club, sponsors of the St. Albert Community Band, presently being formed.

Director of music for the band is Herb A. Jeffrey, provincial band and choral consultant for the Saskatchewan department of education.

Originally scheduled to begin at 7 p.m., Lions Club spokesman John Kaminski says the concert will start a bit earlier in order to take advantage of the daylight.

In the event of rain, Emile Pelletier has offered these of his premises — the Purple Dude — for the concert which will still be free of charge.

## Arena fund may benefit

Councillor John de Bruijn came up with a suggestion at Monday night's council meeting for swelling the balance in the St. Albert Arena fund.

He felt that it would be a good idea if developers — who receive a full rebate of the 12 per cent sales tax

paid on sewer pipe as soon as it is certified accepted by the municipality involved — be invited to share the rebate on a 30-50 basis with the town, through a donation to the arena fund.

He stated that this sort of thing is done by developers in other areas across Canada.

Councillor de Bruijn described it as "one method of having a source of continuing income to the arena fund."

No formal resolution was passed but it was mutually decided that the suggestion would be passed along to major developers in the town.

## Around Town

St. Albert Drive-In football team's raffle for a color television was won by Neda Kozol of 10910 - 124 St., Edmonton.

We welcome the following newcomers to St. Albert: Mr. and Mrs. J. Rutter and family; Mr. and Mrs. G. Paicu and family; Mr. and Mrs. R. Heese and family; Mr. and Mrs. D. Adams and family; Mr. and Mrs. A. Kennard; Mr. and Mrs. J. Wolosko of Brasside.

Mr. and Mrs. F. Jenkins and family; Mr. and Mrs. M. Sutherland and family; Mr. and Mrs. W. Wylie and family; Mr. and Mrs. R. Gaunce and family; Mr. and Mrs. R. Weismantel and family; Mr. and Mrs. H. Nixon and family of Grandin Park.

Mr. and Mrs. M. Rees and family of Mission Park.

Bob Tennant, son of Mr. and Mrs. Charles Tennant of 31 Grandora Crescent, was the only St. Albert winner in last Saturday's running of the Canadian derby circuit at Northland Track, Edmonton. Not a major winner, Bob is \$60 richer.

## 100 register for local band

St. Albert may boast not one — but two community bands within the near future.

Registrations for the community band have been coming in well, says Breakfast Lions Club spokesman John Kaminski and it appears that there will now be both an "A" and "B" band organized in the fall. A total of 100 registrations has been received to date and these are divided roughly into two groups of 50 — one group made up of experienced musicians and the other group, beginners.

Lion Elmer Gish has been appointed chairman of the band committee which also

includes as members, John Kaminski, Eric Robinson and Jerry Wennes, band director.

Used instruments valued at \$750 have already been ordered and should be delivered shortly.

It is hoped that rehearsals will begin shortly after the commencement of the fall school term. Rehearsals will probably be held on Mondays — with two sessions for the beginners and the experienced musicians.

Registrations are still being accepted and forms may be picked up and returned to Emery's PipeShop in Grandin Shoppers Park.

# Dance teachers, pupils had successful trip

Alma Hughes and Gladys Smith, principals of St. Albert School of Dancing, re-

cently returned from London England where they attended a members' convention of the Imperial Society of Teachers of Dancing.

They are looking forward to teaching the new graded tap system which they found to be both progressive and creative. They also brought back many new ideas and more advanced material in the modern dance syllabus. This year Mrs. Smith and Mrs. Hughes are delighted to be introducing to the school, the classical ballet syllabus of Imperial Society. Alma and Gladys find this work to be most interesting and enjoyable for children as more emphasis is placed on the

individual personality of the child, and they are pleased to announce that they will be teaching this new syllabus personally.

As usual they will be teaching the tap and modern dance also, and Colleen Kelly will continue to teach Highland.

Colleen, along with Kim Martin, Sherry Miller and Cindy Forcad will be starting their intensive teacher training course at St. Albert

School of Dancing this year. This entails three years hard work of dancing, theory and supervised teaching sessions.

Kim, Sherry, Colleen and Mary Jamison accompanied Mrs. Hughes and Mrs. Smith on the trip to England and were most impressed with the standard of dancing and training methods shown.

The executive of the Imperial Society was so impressed with the growth of

the school and results of previous examinations, that they are now sending examiners in ballet, tap, and modern dance yearly.

The school will participate as usual in competitive festivals and shows through-

out the year.

Before the school opens Sept. 14, the principals will attend a workshop in tap and jazz conducted by Brian Lee, first assistant to Brian Foley of Ontario and also will make a trip to Vancouver to study with Julia Cross of London England, a further course in ballet and modern dance.

## Penny Carnival

Neighborhood kids and their mothers turned out in force Tuesday to support a penny carnival staged by eight St. Albert youngsters at 40 Sheridan Drive.

Collin, Roberta and Trent Parayko, Tim and Bernie Penner, Jim, Marty and Liane Scheibelhofer were all part of the enterprising group that sold cookies, drinks and popcorn, held a rummage sale and conducted a fish pond and dice games to raise money for the Winifred Stewart School.

When the excitement died down, the carnival organizers were able to send off a money order for \$7.50 to the school.

Miss Ivy Baker (seated), instructor of the Imperial Society of Teachers of Dancing in London, England, outlines courses for Alma Hughes (centre) and Gladys Smith of the St. Albert School of Dancing.

## Japanese Student visits St. Albert

As a result of representation by Lions of the Edmonton host club and of District 37b, 20 students (17 girls and three boys) are presently in Edmonton district on an exchange visit. They are sponsored by various clubs in Japan. Edmonton sent 16 students to Japan under the program.

The Japanese young people are billeted in various homes principally Lions members, throughout Edmonton.

Masahiko Hattori of Yokuna, Hokkaido, Island of Japan, was a guest at the home of Lion Huberdeau in St. Albert for the first part of his stay, and of Lion Bill

Bissonette. He is the son of the president of a soy sauce and bean paste factory, and past president of Yokuna Lions Club. While in St. Albert Masahiko was able to visit many places of interest, including Klondike Days attractions. He also accompanied the Bissonettes on a trip to Banff, Jasper and Vancouver. The students return to Japan on Friday after a five-week stay.

St. Albert was fortunate in being able to participate in this project, undertaken to foster better understanding between nations, in the hope it will increase possibilities of continued world peace.

Japanese student Masahiko Hattori poses with Raymond Huberdeau at the home of Raymond's aunt in Athabasca, one of many places Masahiko visited during his stay in St. Albert on an exchange visit sponsored by Lions Clubs in Edmonton and District 37B. Both boys are 16 years old.

# Auction Centre o.k.'d if not "unsightly"

Council Monday night gave approval in principle to a proposal by Armstrong Auction Co. Ltd. to establish an auction centre on Belle-rose Avenue in the vicinity of Highway 2, on the northern outskirts of St. Albert.

The Canada-wide company with head offices in St. Albert would establish the auction centre in an existing building originally planned for a farm implement dealership.

Town Planner J. X. Woodroffe pointed out that the area is zoned commercial class 4 and an auction centre would be a permitted use as long as no most equipment, machinery, parts or materi-

als are exposed to public view.

The auction company had proposed using the present building mainly as office space and putting up a chain-link fence to enclose machinery and equipment. Present plans call for auction sales to be held from six to 10 times per year.

Mr. Woodroffe recommended that all used machinery and equipment be located within the confines of a building, with only new materials displayed in the open. He pointed out that residential areas in Braeside and Mission Park would

shortly overlook the site and that used machinery and equipment left out in the open would be unsightly.

Suggestions for some sort of "opaque fence" rather than a building to house used machinery and equipment were offered by councillors, with a final decision to have the development officer negotiate with the applicant on a suitable plan to screen unsightly machinery from public view.

An acceptable plot plan will have to be submitted to public works committee before final approval is given by council.

## Developments Agreements to obtain time clause

Developers operating within St. Albert will have to complete local improvements on developments within a "time limit not to exceed three years."

The four members of council present at Monday night's meeting voted unanimously in favor of including the completion date in development agreements.

Discussion arose over an agenda item regarding the execution of development agreement covering stage three of the Alcan development in Braeside.

Councillors R. G. Wheatley and F. Lukay pointed out the difficulty of properly controlling organized development in the town without a completion date stated in agreements.

Councillor Lukay stated that lots left undeveloped or partially developed can become unsightly.

A developer could sit on lots for three years and then sell at a big profit, Coun-

cillor Wheatley stated. Although Secretary-Treasurer D. B. O'Connell pointed out that the cost of performance bond would discourage this practice, Councillor Wheatley contended that if lots triple in value, the bonding premium is not much compared with the total profit that could be realized on the sale price of the lots.

On the advice of Town Engineer, Jan Maandag, it was decided that a completion date "not to exceed three years" should be required in development agreements.

"Developers need two years to construct," Mr. Maandag said, "and one year to cover a bad season."

Wife - angrily - during argument: "You've never done anything right in your life! Why, you were even late for our wedding!"

Husband: "Yeah, but not late enough!"

## St. Albert tops tennis tourney

Five St. Albert tennis players walked away with more than their fair share of trophies at the City of Edmonton final inter-club tournament held at Coronation Park over the weekend.

Bernice Parsons defeated her sister Roberta in the final of the under 18 singles and then teamed with her to take a relatively easy 6-1, 6-1 win over a Garneau pair in the under 18 doubles final.

This tournament seems to see the rise of three new tennis stars for St. Albert as Linda Wauch (16), Gary Wauch (10), and Lynda Mary Parsons (13) excelled for their first year of tennis. Lynda Mary took an easy 6-2, 6-1 victory in the under 14 singles and teamed with Linda Wauch to take the under 16 doubles - an

age category two years above her own age group.

Gary Wauch, an enthusiastic 10-year-old, placed third in both the under 12 singles and 14 singles also playing in an older age category. Gary will also be remembered as a talented vocalist by those who attended Koodike Days celebrations in the Community Hall this year.

This was a splendid showing for St. Albert Tennis Club and says much for the interest among St. Albert juniors.

# Local Lion on the move - Dr. Cuts tours clubs

Recently returned from a night overseas, Dr. William Cuts reports that the jaunt didn't prevent him from indulging in one of his favorite pastimes, attending Lions Club meetings.

One of the hardest working members of the St. Albert Breakfast Lions Club, 'Doc' took advantage of his trip to England and the continent to visit three overseas Lions Clubs and compare them to their Canadian counterparts.

In every case, he reports he was treated with the greatest courtesy and profusely welcomed — even when the language barrier could have presented a problem.

Overseas Lions Club members take their service work very seriously. They regard themselves as real friends — not just members of the same club, he said.

"Arriving at Edinburgh, July 1," he says, "I learned that the Edinburgh Lions

Club was having a meeting on July 2 at the County Hotel, just a couple of blocks from where I was staying. Another guest was a Mr. Falconer from North West Los Angeles Lions. The Edinburgh club has a membership of 22."

"I learned that I missed their annual stag party by one day. This was the occasion of the new board of directors taking over."

This club's main project at the moment was working with boys and girls, Dr. Cuts reports.

The second club on his itinerary was the Luxembourg Moselle Club at Esch on the Moselle River on the southern boundary of the Duchy of Luxembourg.

Despite the problems of arranging bus transportation to Ehmen when no one spoke English, "Doc" managed to arrive two hours early for the meeting. Resorting to "signs and symbols" he managed to make himself understood until he arrived at the meeting where he found that half of the members could speak fair English.

lish. Again, the club consisted of 22 members — all professional men.

"The meeting was very dignified by exceedingly friendly. Lions members shook hands with other members and treated each other with extreme courtesy. The acting president could speak no English but he welcomed me most enthusiastically which was translated by a doctor sitting next to me. He presented me with a banner and I thanked him and told the club something about St. Albert Lions Club and St. Albert Lions Club and St. Albert Lions Club."

He adds that the dinner was excellent — and appetites were heightened with Moselle wine and pear brandy.

Members here work with handicapped children with money supplied from personal funds.

"Needless to say I was tremendously impressed by the high quality of the club in every respect," he said.

Dr. Cuts' third Lions Club visit was to the Merton Club in Surrey, England. This club has a special link with St.

Albert as local Lion John Huberdeau had previously visited there.

"To get there, I had to take the train from Victoria Station to Wimbledon, the famous tennis tournament centre."

"Again, I found a small but active club. They were

being visited by clubs from Crawley and Croydon. Along with the Croydon Club, the Merton Club was jointly sponsoring the School Band and School Chorus of America in concert."

He said he considered this coincidental as the St. Albert Breakfast Lions Club is

presently involved in forming a community band here.

"After the meeting I was driven back to London from Wimbledon, which shows just what kind of welcome they give to visiting members. They did the same for John Huberdeau when he was there."

Think a bit about Alberta.  
Think a bit about 'Blue'.

And smile.

festival was  
moderate success

"A moderate turn-out" of 125 to 150 young people over the course of a day-long pop festival held in St. Albert's Community Hall last Saturday was enough to satisfy organizer Gerry Bradley.

Tearing the unspectacular crowd "about what we expected for a first effort," Gerry went on to say that there was no trouble whatsoever with any of the kids attending the festival.

"We didn't quite clear ex-

penses," he said, "but Mr. Terrault cut down the price of the Community Hall to help us out."

About 20 young musicians — some over 17 years of age — took part in the festival. One of the groups, the Tris Magistus, came from Edmonton while the remainder were part of the St. Albert Express — an organization of all bands in town.

"We were very pleased with the festival," said Gerry.

## Cunningham Ghosts lose at Alexander

Coach Chester Cunningham felt he was only one pitcher shy of winning the popular annual All-Indian Baseball tournament in Alexander over the weekend.

The Ghosts started out strong with a 6-2 lead over the Kinuso Rebels before rain halted play in the fourth inning on Saturday. The game was completed Sunday morning at 9 a.m. and the Ghosts won easily by a 16-3 count.

Ritchie Perrault picked up the win and also hit a home run. Chester Cunningham had two doubles and a triple. The second game saw the Ghosts grab a one run lead in the first inning only to see

the Goodfish entry score two in the second. Once again the Ghosts went ahead as Mickey Fraser hit a double to score two runs for a 3-2 lead after three innings.

The effects of a Saturday night going-away party for St. Albert Willowbrook Saints Coach Bob Mulloy, were apparent, and Goodfish came up four runs in the fourth and two in the fifth to lead 8-3. They were awarded the game as they were up five runs after five innings.

Alexander Braves senior team defeated the Braves junior team to win the tournament.

## As I See It

By Rose Martel

Recently the 1970 tax notices were received by all property owners in the MD of Sturgeon. In many instances a very clear picture was given as to how our tax dollar is spent by our local councils and boards.

On many 1970 tax notices the mill rates have been divided showing what portion of our tax dollar is spent on municipal administration and improvements, school costs, hospital and health unit costs.

This is a good and practical way to show the taxpayer just how his dollar is spent. In most instances the local municipal levy is down, but the cost of education and other services are up. With a new municipal hospital opening its door this year it is understandable that we have to pay our share of costs. The health services are becoming more costly because we request more services.

Now comes the big eater of our tax dollar, education. I am not going to evaluate the merit of higher educational cost at the local level or suggest that it is not justified, but do you think that the local students are

ROSE MARTEL

getting full value for the cost of local education? Are they getting the best for the education dollar spent? What choice of subjects do they have? After having received your tax notice and knowing how your tax dollar is spent if you are not satisfied, the place to protest effectively is on your ballot. But before you vote in your next municipal election, why not attend the meetings of your council and boards and get the facts. The results will show on the ballot -- that is the Canadian way.

## Morinville district

Morinville is happy to welcome Camille Gregoire and family formerly of Somerset, Manitoba, who took over his duties as the new Royal Bank of Canada Manager, Morinville branch.

Mr. and Mrs. Gregoire have taken up residence in the former Harry White home with their three children Joseph 14, Paul 10 and George nine. Mrs. Gregoire is the former Cecile Lafond.

On the sick list this past week are: Mr. J. J. Bokenfohr, who underwent a major operation in Edmonton hospital. Others in hospital include Miss Connie Craig, Miss Stella Boissonnault, Mr. Philippe Rivet, Mr. Tiger Riopel is back home after an emergency operation.

Congratulations and very best wishes to Mr. and Mrs. Arcade Ebner of St. Albert, formerly of Morinville, who will celebrate their golden wedding anniversary on Friday, Aug. 14.

Mr. and Mrs. Julian Carrigan, received the visit of relatives from La Belle Province de Quebec, Mr. and Mrs. Jacques Veillette and Mrs. Beatrice Duquette and children.

This is their first trip to the west and they are most impressed with the scenery and hospitality.

Among those back from family holidays are: Mr. and Mrs. Charles Kieser from Evermeer, B.C., Mr. and Mrs. Emilie Borle from Lac La Poudre, Mr. and Mrs. Jules Carrigan from Elk Island Park; Mr. and Mrs. Leon Riopel Sandy Beach.

Recently the parents of Mrs. Simone Gervais celebrated their 40th wedding anniversary in Pontex, Sask. Among those who travelled from Morinville to take part in the family reunion were Mr. and Mrs. Andy Gervais and family; Mr. and Mrs. Ubald Chevalier and Oswald Chevalier, Mr. and Mrs. Eugene Charest with Denis and Georgina.

Rev. Father George Primeau of Morinville accompanied by Rev. J. M. Martineau of Legal, left for a grand tour of Europe and

## Tourney

Wayne Hamilton pitched and won all four games for the Drive-In as they easily won the Sanguo Men's Fast-ball tournament last weekend.

They played all four games with only 10 players and opened with a 7-0 win over last Sanguo. This was followed by an 8-0 victory over Barhead.

Sunday saw them win game number three with another shut-out over the powerful Whitecourt squad 4-0 to reach the finals.

The final game saw the only runs of the tournament scored against St. Albert as they won 6-2 over Fox Creek. Coach Fermin Isenko stated his boys played the best ball of the season for him and they only committed two errors.

Rome on Wednesday. They expect to be gone five or six weeks.

Meanwhile Rev. Lucien Tellier, son of Mr. and Mrs. Robert Tellier, will officiate as pastor until his return to university in U.S.A. later in September.

Mr. and Mrs. Romeo Froment accompanied by Mrs. Jeannette Champagne left for a sightseeing tour of San Francisco and other points of interest along the west coast.

Mrs. Roxanne Voyer and her son Jacques welcomed Mr. and Mrs. Giles Voyer and children from Trinidad who are touring Canada and Disneyland, while on their annual two months holidays. Mr. Voyer is a district bank inspector in the Barbados and Trinidad.

Mrs. Fay Middleton has returned from her trip to England. Mrs. Caroline Stapleton, mother of Mayor Arthur Stapleton, will remain in England.

Sincere sympathy of the people of Morinville and district are extended to George Bulger on the accidental death of his brother Louis, in British Columbia last week. Also to Mrs. Germaine Proulx and family, on the death of her mother Mrs. Josephat Caouette, formerly of Legal. Funeral services for Mrs. Caouette were held in Legal on Monday.

As we go to press the death of Mr. John Wozny has been announced. He passed away at the Cancer Hospital in Edmonton on Tuesday morning. To Mrs. Irma Wozny sincere sympathy on behalf of the Morinville Board and Trade and other local organizations of which both Mr. and Mrs. Wozny have been loyal patrons and supporters.

# Legal news

Congratulations to the Legal Midget A team who won the Gibbons Baseball tournament last week.

The beautiful sunny weather made the Montpetit and Keane family reunion most enjoyable last Sunday at the Henry Montpetit farm.

The families had the opportunity to visit with their relatives that were holidaying in "sunny" Alberta. — Mr. and Mrs. Roger Montpetit from St. Joseph d'Orleans; Mr. and Mrs. Nap Gagnon of Mattice, Ont.; Mrs. Harvey Boudreau and son of Newcastle, New Brunswick; Mr. and Mrs. Jack Shuttleworth of Camrose, Alta; and other friends from Edmonton, Villeneuve and Leduc. Some 45 friends and relatives enjoyed an outdoor barbecue supper.

Mr. and Mrs. Nazaire Lessard have purchased the home of Mr. and Mrs. Ernest Letourneau, Mr. and Mrs. Letourneau have moved to Edmonton.

Miss Jacqueline Giguere from Montreal was home visiting her mother, Mrs. Suzanne Giguere and family.

After spending a month at the coast, Mrs. Kathleen St. Martin came back last week with her brother and his wife, Mr. and Mrs. Albert Stach. They will visit their friends and relatives in the district before returning to Vancouver.

Mr. and Mrs. Leo Maurier returned recently after an extended trip to the North Pole. The couple really enjoyed their holiday and the experience of such a voyage in the north.

Mr. Robert Regimbald was feted at a social evening held in the home of Mr. and Mrs. Wilfred Leccavaller. Robert will exchange marriage vows with Louise Champagne on Aug. 22.

Since the Marion Centre is completely dependent upon donations of vegetables, meat and any other items that will go to make up their meals, they are counting on everyone's generosity in contributing any excess of vegetables to the Centre.

The first trade exposition to be held in Westlock is scheduled for Aug. 27-29 in the Westlock Arena.

There will be exhibits which will appeal to all

ELAINE HIMSCHOOT was crowned "Miss Frontier Daze" at Morinville for 1970.

## Namoo

The Namoo Teen Club held a meeting on July 26 in the Namoo United Church with good attendance.

It was brought up that some teen club members would like summer jobs in the community. They would work individually or in groups. Keith Reed, Jack Speers and Miss Debbie Eglnski volunteered to take calls for such jobs.

## Bon Accord 4-H

By Judy Abramski

The Bon Accord 4-H Beef Club held its annual achievement day July 20 at 2 p.m. with 13 members showing their calves.

Judge was Ken Wood; showmanship judges were Gail Chubb and Rick Milligan; grooming judges were Donna Zinnick and Bill Chubb the acting ringmaster was Keith Everitt.

Before actual competition got under way, the members were given a class of four market steers to judge, upon which the results will be marked and scored. The person with the best scores from two out of three judging competitions held this year wins a trophy for best judging.

Competition of the members calves resulted as follows:

Christopher Columbus direct relative and namesake of the great explorer, recently praised the Apollo astronauts. In a personal letter to Luis Marden, Chief of National Geographic's Foreign Editorial Staff, he wrote, "I send you my sincerest felicitations on a great feat carried out by your astronaut countrymen."

Gebel Musa, in southern Sinai, is the traditional Mount Sinai where Moses received the Ten Commandments, the National Geographic Society says. Scholars, however, have expressed doubt as to which of several mountains actually was the Biblical site.

## Cardiff Column

By Florence Vranas

Several ladies held a farewell evening for Elizabeth Grant in Edmonton last week which included dinner at the House of Quon and ended at the home of her next door neighbor, Mrs. Helen Robinson.

Donald and Liz will be moving to their new home in Bon Accord shortly where they own and manage the Bon Accord Hotel. We all wish them good luck in their new venture.

Mr. and Mrs. Donald Grant have rented their Cardiff

## Flower show set for Aug. 16, 17

Fred Magera, director of the Edmonton Horticultural Society drifted into our office bringing tidings of the forthcoming flower show at the Sportex on Sunday and Monday, August 16 and 17.

We asked him the procedure to follow and his explanation was very simple. On Saturday afternoon or Sunday morning (before 10:30) an exhibitor buystags for his exhibit (10¢, 15¢ and 25¢) and has it placed in the right section.

As this show starts on Sunday, Mr. Magera feels many St. Albert and district gardeners will be interested in driving over and either taking part in or just enjoying this flower extravaganza.

He advises that there is also a raffle for a \$1,000 bill.

## Notice

### Town of Morinville

In accordance with Section 175 and amendments thereto of the Municipal Government Act, Chapter 68, Statutes of Alberta, 1968 the Town of Morinville, intends to pass a by-law for the purpose of closing and incorporating into a replanning scheme, all that portion of lane, Plan 2778MC, that lies between the east boundary of Montcalm Street and the west boundary of Maisonneuve Street.

Any person prejudicially affected by the by-law may make application to the undersigned to be heard by the Council at a meeting to be held on September 8, 1970 at 8 p.m. in the Town Office.

Paul E. Brochu  
Municipal Secretary

## Alberta pork on the barbecue

By Pat Prymak,  
District Home Economist.

### ALBERTA PORK ON THE BARBECUE

If you've never tried pork on the barbecue, you're missing a real treat. Pork is tailor-made for outdoor cooking as most pork cuts are tender and ideal for barbecuing.

Pork chops, spare ribs, ham steaks and kabobs are the most popular cuts for grill barbecuing. Boneless ham and fresh pork loins may be cooked on the rotisserie.

For barbecuing pork chops have the butcher cut one inch loin or rib chops and trim them well. Dripping fat causes excessive smoking. Snip the fat edges of the chops to prevent curling.

PORK CHOPS that have been marinated in seasoned oil and vinegar before cooking are delicious and more tender and moist. If a sauce is used, brush it on during the last few minutes of cooking so that it will not burn. Cooking time: 15 to 20 minutes per side depending on the thickness.

SPARE RIBS should be cooked flat, rotating them in a spit-basket, or threading them in and out like an accordion on an oiled spit-skewer. You can shorten barbecuing time by precooking the spare ribs in the oven earlier in the day. This also helps to prevent the ribs from becoming too dry and scorched. Cooking time: 1 1/2 hours of slow cooking; less for the precooked ones.

PORK-ON-A-SKEWER -- Thread 2 1/2 inch cubes of lean, fresh pork on to an oiled skewer. Alternate pork cubes with cherry tomatoes, green pepper pieces, or small partially cooked onions; or fresh apricots, under-ripe peach bits or pears may be substituted. Cooking time: 20 to 30 minutes.

For Rotisserie Barbecuing, use boneless fresh pork loin, fresh leg of pork or Boston Butt, that has been well trimmed and tightly rolled. Cottage rolls, smoked buston butt, whole hams (with

ribs removed) or smoked shoulder rolls are ideal for spit barbecuing. Cooking time for pork roasts: 40 to 60 minutes per pound depending on the diameter of the roast. The most accurate guide for doneness is a meat thermometer.

Internal Temperature:  
180 F -- Fresh Pork Bone-In Roast  
170 F -- Fresh Pork Boneless Roast  
160 F -- Smoked Pork  
130 F -- Fully Cooked Hams

### MARINATED PORK CHOPS

6 loin OR rib pork chops (1-inch thick)  
3/4 cup cooking oil (rapeseed suggested)  
1/4 cup soy sauce  
1/2 cup cider vinegar  
2 tbsps. Worcestershire - sauce

1 teaspoon dry mustard  
1 teaspoon sage  
1 teaspoon salt  
1/2 teaspoon black pepper  
1 clove garlic, crushed

Snip fat edges of chops to prevent curling and place in shallow dish. Combine remaining ingredients in a screw-top jar and shake until blended. Pour marinade over chops, cover and refrigerate several hours turning occasionally. Drain marinade from chops and heat in a small pan.

Place well-drained chops on greased grill, about five inches from coals and cook slowly, 20 to 25 minutes each side. Brush frequently with heated marinade during cooking. 6 servings.

### SWEET AND SOUR SAUCE

2 tbsps. finely chopped onion  
2 tbsps. finely chopped celery  
2 tbsps. finely chopped green pepper  
1 clove garlic, crushed  
2 tbsps. cooking oil (rapeseed)  
1/2 cup frozen, concentrated orange juice

1/2 cup vinegar  
1 teaspoon soy sauce  
1 teaspoon salt  
1/8 teaspoon pepper  
1 3/4 cup brown sugar

Saute vegetables and garlic in oil, about 5 minutes. Add remaining ingredients and simmer five to 10 minutes to blend flavors. Use warm for brushing pork chops or steaks on the barbecue. Makes about 1 1/2 cups.

### BARBECUE SAUCE

1/2 cup finely chopped onion  
1/2 cup butter  
1/2 cup cider vinegar or lemon juice  
1 cup tomato juice  
1 cup tomato catsup

1 tbsps. Worcestershire sauce  
1/4 cup brown sugar  
1 teaspoon dry mustard  
1 teaspoon salt  
1 teaspoon paprika

Saute onion in butter about five minutes. Add remaining ingredients, bring to a boil and simmer for 15 to 20 minutes. Makes about three cups.

### QUESTIONS & ANSWERS ON BARBECUING

Q. What meats other than beef steaks can be used on the barbecue?

A. Tender meats such as wieners, hamburgers, ham slices, chicken parts and pork chops can easily be barbecued. Boneless roasts and whole chickens can be spit-barbecued.

Q. When should the barbecue sauce be added to the meat?

A. The sauce should not be brushed on the meat until the last few minutes of cooking or the meat will scorch. Meat can be basted with oil or butter during cooking to keep it moist without danger of scorching.

Q. What vegetables can one cook on the barbecue?

A. Baked potatoes and peeled potato sticks are delicious when wrapped in foil and cooked on the grill or near the coals. Corn-on-the-cob, carrots, beans, onions, beets can be easily cooked in foil near the coals. Allow 20 to 45 minutes for cooking. Frozen vegetables are also easily cooked in foil near the coals.

Application and a deposit of \$100 is required when an applicant is accepted. If an application is not accepted or the course not offered, all deposits will be refunded. Applicants outside of Alberta will pay an out-of-province fee of \$30 in addition to the above noted costs.

Applications should be sent to "The Registrar, Agricultural and Vocational College, Olds, Alberta," and must be postmarked not later than midnight Dec. 1st, 1970.

## Farriers' Course

In response to repeated requests for such a program, a 12 week Farriers' Course (horse shoeing) will be offered at the Agricultural and Vocational College at Olds, Alberta, according to J. E. Hawker, director of the colleges. The course will run from Monday, Jan. 4 to March 26, 1971 inclusive. Included will be anatomy and physiology (20 hours), forge work (50 hours), farriers equipment (5 hours), shoes and nails (5 hours), specialment work (160 hours), horse

handling (200 hours) and corrective shoeing (50 hours).

All applicants will be interviewed before admission. A certificate will be issued to all qualifying graduates. The course will not be offered for less than eight applicants and the maximum for the class will be kept to 12. Cost per student will be \$200 for tuition, \$225 for three months board and room and miscellaneous fees and supplies amounting to approximately \$75. A deposit of \$5 must accompany each

## Stocking your Freezer

By Pat Prymak  
District Home Economist.

### IT'S STOCK TAKING TIME FOR YOUR FREEZER

Do you keep an inventory of the contents of your freezer? It's really a good idea to keep a simple list taped nearby or inside your freezer to record the item and date it was frozen. As you remove each article, check it off the list. Knowing what is on hand helps you plan more interesting meals and insures that food is used within maximum storage limits.

Now is the time to check your freezer and see what should be used within the next few weeks. It is nearly time to defrost, clean and organize the freezer for another season's crop of fresh fruits and vegetables.

The quality of food deteriorates if it is kept in the freezer too long. The following is a list of recommended lengths of storage for various food types (when stored at 0 F).

Fruits and vegetables - 10 to 12 months; Beef, poultry, veal, venison - 9 to 12 months; Fish - 6 months; Pork - 5 months; Ground Beef - 4 months; Ham and bacon - 4 months; Cooked meats, soups, stews, main dishes - 4 months; Baked goods (cakes, biscuits, muffins, rolls) - 1 to 3 months.

Freezing Fact - Vegetable gardens and berry bushes are quite popular now 8-days to help out the family's food budget. And today, the home freezer is becoming more and more an essential appliance. With this

in mind, I'd like to pass on some freezing hints so your garden vegetables and fruits will look and taste more like the fresh food.

VEGETABLES: Use recommended varieties -- all varieties do not freeze well.

Young, tender and fresh vegetables are best for freezing.

Pick only what you can prepare and freeze in one day. Speed in handling from garden to freezer is important.

Vegetables (except green peppers and onions) must be blanched before freezing, to inactivate the enzymes present. If this is not done vegetables will develop off-flavors, changes in color and toughness. A small amount of vegetables at one time should be plunged in boiling water for a specified time,

then cooled rapidly in ice cold water. The length of time for blanching varies for each vegetable, so follow recommended times accurately.

Package immediately after cold. Dry pack is recommended for ease in freezing and serving.

Leave 1/2 inch headspace except for asparagus, broccoli, brussels sprouts, cauliflower which do not require headspace.

Quick freeze packages by placing along walls of chest freezer or next to freezer coils in an upright freezer. Store at 0°F or lower.

If water in which vegetables are blanched is highly alkaline, the product may develop an off-flavor or become soft. To prevent, add a slice of fat apple or a few drops of vinegar to the boiling water.

## Picture bright for rapeseed

The outlook for increasing rapeseed markets is bright for the next decade, but not for flaxseed. Two articles in the Canadian Farm Economics state that the demand for Canadian rapeseed will expand steadily during the next 10 years, but the demand for flaxseed products will shrink.

The increasing demand for rapeseed hinges on continued development of improved varieties and processing techniques to make the oil fully interchangeable with other plant-produced oils and the meal acceptable as both livestock feed and as the basis for synthetic foods. Japan, Canada's biggest

crap customer, will likely continue to depend on Canada for increasing imports. The Japanese market could strengthen if, as appears possible, the Japanese drop their import quota and reduce tariff restrictions against Canadian rapeseed.

There is also a market potential for rapeseed along the Pacific rim in such countries as the Philippines, Malaysia and Hong Kong.

Unlike rapeseed, the market for flax in many countries is shrinking. Flaxseed's biggest market is in the form of linseed oil, and demand is decreasing for linseed oil in the manufacture of paints, varnishes and linoleums.

## Ag.

## conference

Agriculture Minister Bud Olson has unveiled several major changes in the format and content of the Canadian Agricultural Outlook Conference which will be held in Ottawa Nov. 24 and 25.

The conference, which has been held annually for more than 25 years, forecasts production and demand for agricultural produce.

"We're re-organizing both the format and content to provide information that's going to be of direct interest and importance to every farmer from coast to coast," Mr. Olson said.

## Help for Weed Control

Assistance for chemical on fallow

The agricultural service board of the Municipal District of Sturgeon has a program whereby farmers can get assistance for hard-to-control weeds. Chemicals are on a cost share basis

for summerfallow and patch treatment of Canada Thistle, Toadflax and other hard to kill weeds. Banel has proven most satisfactory for thistle control. For further information contact fieldman at the M.D. office.

## Family and friends honor Mr. and Mrs. Joe Kluthe

The family and friends of Mr. and Mrs. Joe Kluthe joined with them on July 24 to celebrate their silver wedding anniversary.

Mr. and Mrs. Kluthe renewed their vows at mass in St. Charles at Mearns with Mr. and Mrs. Morley Luft serving as witnesses. Mrs. Luft, nee Cyrene Boyle, was her sister's bridesmaid 25 years before. Father Ted Rozmahel, former pastor of St. Charles officiated at mass.

David Kluthe, son of Mr. and Mrs. Kluthe, and Alan Bønnells, their nephew,

were altar boys. Davne Brennels played the wedding music. Harold Borle, Larry Kluthe, and Dan Brennels joined together to sing "Pans Angelicus," and a group of the couple's relatives sang "On This Day Oh Beautiful Mother" and "Lord Who at Cana's Wedding Feast."

Following mass, some 225 guests attended the reception and dance at the Alcomdale Community Hall. Music was provided by Matt Hittinger, Gilbert Boddez, Robert Houle, and Norman and Larry Kluthe.

Mrs. Kluthe wore a knee-length dress of white polyester featuring long sleeves caught in a cuff at the wrist. Over this she had a sleeveless silver-lace coat, silver slippers and handbag, and a corsage of deep red roses and pink carnations. Her bridesmaid, Cyrene Luft wore a sleeveless dress of white polyester, with accessories and pink carnations on her corsage.

A midnight lunch was served following the dance. Seated at the head-table were the bride and groom, Mr.

and Mrs. Kluthe; attendants Mr. and Mrs. Morley Luft; parents of the bride Mr. and Mrs. Cyril Borle; and the 11 children of the honored couple; Norman and his wife Carol, Larry and his wife Joanne, Brian, Rita, Harold, Barbara, David, Deborah, Gordon, Carol, and Donald.

Master of ceremonies, Morley Luft, read a message from Mr. and Mrs. John Kluthe, parents of the groom, who were unable to attend. The bride and groom cut the lovely three-tier wedding cake which was made and decorated by sister-in-law Mrs. Harold Borle.

Cyril Borle, father of the bride, recalled a few incidents from 25 years before, including how the couple met. Following this, Miss Donna Luft, niece of the couple, presented them with a satin guest book on behalf of their grandchildren. Their son, Larry, expressed the good wishes of all the people present. The couple's oldest son Norman, presented them with a gift of Royal Albert China for 10 on behalf of the Kluthe and Borle families and the couple's own children. Both the bride and groom then said a few words expressing their thanks and hopes for the years to come, the bride making a wish to all be together again on their golden anniversary.

Harold and Phyllis Borle entertained with a vocal duet. "Tell Me Why," Their encore, a song composed by five mischievous relatives, was the grand finale. Entitled "Dorothy and Joey," it was set to the melody of "Frankie and Johnny" and was a chronicle of the couple's 25 years together. It was thoroughly enjoyed by all and was a perfect ending to a perfect evening.

Other gifts received on this occasion were gifts of money, two cups and saucers with the silver '25 on them.

and silver anniversary wall plaque.

Mr. and Mrs. Kluthe were married on July 18, 1945 at

St. Peter's Church in Villeneuve. Mrs. Kluthe was the former Miss Dorothy Borle of Villeneuve.

## THANK YOU

On behalf of Tremblay's Garage Ltd., Morinville, I wish to acknowledge and thank most sincerely the people of the district for the success of the sale which took place Aug. 5. I will continue as your district New Holland dealer as well as skidoo sales and service agent. Meanwhile I am prepared and ready to serve all my old customers and the public at large with personal service for all mechanical repairs to cars, trucks and tractors.

I am located in the north part of the J.B. Motors Building, holding regular business hours from 8 a.m. to 6 p.m.

## Ferbey-Montpetit vows

The Norwood United Church in Edmonton was the scene of a lovely summer wedding when Judith Montpetit exchanged marriage vows with Andy Dee Ferbey. Judith is the daughter of Mr. and Mrs. Robert Montpetit from Kelowna, B.C., (formerly from Legal) and Dee is the son of Mr. and Mrs. Omellen Ferbey from Edmonton.

Reverend Chubb officiated at the ceremony before an altar banked with baskets of yellow and white mums.

The radiant bride was given in marriage by her father. She was beautiful in her lovely gown with her high deep V neckline, long flow-

ing full skirt, long puffed sleeves trimmed in yellow with matching yellow bow at natural waist.

Her long four-layer veil was held in place by a cluster of yellow roses. She carried a bouquet of gold-orange roses.

Bridesmaids Rose Ann Holzer and Debbie Ferbey chose gold A-line floor length gowns with short puffed sleeves trimmed with small white daisies. They carried nosegays of white carnations tipped with silver.

Best men were Paul Kostiw and Dan Montpetit.

Following the ceremony a reception was held at St. John's Auditorium.

For her honeymoon to Coeur d'Alene, Idaho and Kelowna, the bride donned a light green dress and coat ensemble with matching white accessories with tinted green carnations.

Out of town guests were: Mr. and Mrs. W. Brocaymer, Ft. Wayne Indiana; Mr. and Mrs. Jack O'Rourke Drayton Valley; Mrs. A. Foster, Calgary; Mr. and Mrs. B. Olson, Inuvik; Mrs. Anna Jasinski, Florida.

## Fathers leaving

Last Sunday the Legal parishioners were disappointed to hear the Father Martineau is leaving the parish to become pastor at the St. Paul Cathedral, and Father Simard will be assistant priest at the Youth Residence in St. Paul. He will also administer a few neighboring missions.

Good luck to you both in your new ministry.

We would like to welcome our new pastor Father Blissette from the Youth Residence in St. Paul.

**GROVE EQUIPMENT**

Phone 484-9695 — Write Box 87, Spruce Grove.

Mr. Jim Kilshaw, long-time resident of the Bloomsbury-Barhead area is seen above with Ray Field, of Big Iron Drilling Ltd., admiring a stream of crystal clear water being pumped from his recently drilled water well. Mr. Kilshaw started his search for water in the early winter of 1942 but it was not until the fall of 1968 that Big Iron Drilling achieved success with one of their Cable Tool drilling machines. Big Iron drilled the well in the middle of the year, only feet away from the other unsuccessful wells. "I had two rotary wells as deep as 235', three punched wells up to 410' deep and seven bored wells, but none were satisfactory," said Mr. Kilshaw. "They were either dry holes or they sank off over a short period of time. I had heard such favorable reports of Big Iron Drilling's Cable Tool method, that I decided to give it another try. I knew as soon as they started to drill that this was the proper way to drill a water well. A cable tool machine can quite easily control top soil formations and because water is not circulated it was very obvious they would not by-pass water as I suspected had happened in my other wells. If I had to drill another well, I wouldn't fool around with any other drilling method. It cost me over \$3,000 for dry hole drilling and many years of headache, trying to compensate for lack of water." Mrs. Kilshaw, who is very happy with her soft water said, "nothing can be more frustrating and disheartening than trying to farm with a poor water supply."

The capacity of the 150 ft. well is 4 1/2 gallons per minute and the submersible pump installed in the well produces 12 gallons per minute. Because Big Iron supplied a pitless adaptor, no well pit or heated building was necessary.

Mr. Field commented that Mr. Kilshaw must be a very determined man to have taken another chance after so many setbacks. "I wish that Big Iron had been around in 1942," said Mr. Kilshaw. "Their method of drilling is surely the best and most economical way to drill a water well."

# Fish and Game Assoc.

The following is a brief presented by the St. Albert and District Fish and Game Association before a public hearing into Bill 106, "An Act Respecting Wilderness Areas."

The hearing board, made up of representatives of the departments of lands and forests and mines and minerals, received 28 briefs during the hearings held in the Jubilee Auditorium last week.

President Don Hayden of the local branch of the association reports that there are close to 300 members and that the local association is one of 23 branches in Alberta.

Of particular concern to the local branch, says Mr. Hayden, is the land sale in current wilderness areas which is planned for Aug. 18. If there is no moratorium on this sale, there will be mineral development within the boundaries of wilderness areas, meaning that they can no longer be considered wilderness, he said.

The brief is as follows:

Gentlemen:

Thank you for the opportunity to express our views on the proposed wilderness act. This is the first time I can recall Albertans being publicly invited to comment on proposed legislation before its passage, and we do

appreciate the opportunity.

We definitely approve of the Bill 106 in principle. However there are some areas which give cause for concern. In this brief I shall talk first of areas where Bill 106 should provide stronger protection for our wilderness areas.

Secondly, I will suggest a few potential wilderness areas.

Lastly, the penalties prescribed under the Act require some comment.

Regarding protection for the sanctity of wilderness areas, we feel that any boundary changes must require passage before legislature. Orders in council are not good enough. Every Albertan feels a sense of ownership of park and wilderness

areas, and to dispose of that real estate of his behind the closed door of a cabinet meeting is undemocratic at best. Sections 3-1 and 5-C must be changed to ensure debate in legislature.

Next, the Act allows for the possibility of some mineral development, pipeline construction and possibly dam building. This is totally incompatible with the wilderness concept. No commercial operation is acceptable. Such timber removal and renewable resource harvesting as is required for good management should be done by Lands and Forests personnel. The past record of corporations and private citizens is not good enough to risk allowing their entry for commercial reasons.

## Parks Supt. says check for blight

Parks Superintendent John Beedle suggests that St. Albert and district residents check apple, crabapple and mountain ash trees for evidence of fireblight.

The parks department has received the following bulletin from the Alberta Department of Agriculture: FIREBLIGHT OUTBREAK IN CENTRAL ALBERTA Not since 1966 have so

many apple, crabapple and mountain ash trees in central Alberta been infected with fireblight.

Dave Stelfox, supervisor of the Alberta department of agriculture's crop clinic in Edmonton, explains that rapid wilting and browning of leaf clusters are usually the main symptoms at this time of year. Fruit may become discolored and shriveled and a sticky substance sometimes appears on blackened, infected leaf tissues and branch tips. If left unattended, the infection travels under the bark towards the tree trunk. Once it reaches the trunk, there is little, if any, hope of saving the tree.

When weather conditions are right, sporadic outbreaks of fireblight usually occur at blossom time in June. However, this year, as in 1966 when similar weather conditions prevailed, a full-scale outbreak of new infections appears to be underway. This present outbreak could carry on through August, as was the case four years ago. Mr. Stelfox points out that although crabapple and mountain ash trees usually bear the brunt of a fireblight outbreak, colonaster, hawthorn, saskatoon, plum and apricot shrubs and trees may also become diseased.

He recommends carefully pruning out the diseased wood in infected trees to prevent the infection from spreading to the main branches and the trunk. Be sure to dip the pruning shears in a liquid disinfectant after each damaged portion has been removed. Carelessly handled cutting tools can spread fireblight bacteria very rapidly indeed.

Mr. Stelfox also advises spraying nearby susceptible trees that are still uninfected at intervals with a Bordeaux mix or one of the commercial antibiotics prepared for this purpose. He points out that one infected tree in a city block can infect all susceptible trees for at least a block in all directions.

Anyone wishing further information on fireblight is asked to call the parks department at town hall, 599-6801.

Any existing leases or commitments in any wilderness area should be purchased or expropriated by the Crown.

Further, the Act should provide for the establishment of buffer areas of limited resource development around those wilderness areas likely to be seriously threatened by their nearness to concentrated activity. For example, a wilderness established to protect denning areas of the Swan Hills grizzly would be a waste if it were ringed with gas plants.

Regarding areas suitable for establishment under the Act, we are mostly concerned with having some guaranteed wilderness. The specific areas designated are less important to us. However might we suggest for opening the current Willmore Wilderness Park, Siffleur Wilderness, White Goat Wilderness, and an area where the Swan Hills grizzlies live.

Regarding penalties under the Act, we have two comments. All fines should be in addition to the costs of restoring or cleaning up after the infraction. Also, the penalties for corporations are but a slap on the hand until the third conviction. May we suggest \$1,000 to \$5,000 for first offense and \$5,000 to \$10,000 for second offense.

Until the new wilderness act is passed in the legislature, there should be a moratorium on the sale of natural resource leases in areas of concern. We feel that any infringements of this nature in proposed or established wilderness areas must be discouraged. It is much cheaper to pre-

vent development than to undo it later.

In summary, wilderness areas must be established and altered only on the floor of the assembly. They must be inviolate; no commercial

use is acceptable. There should be a provision for buffer areas around the wilderness where necessary. All lease and license sales for likely areas should be temporarily suspended.

Lastly, the penalties should include restoration

costs, and should be stiffened for corporations on first and second offenses.

In conclusion may I say that this province can be proud of taking the lead in exposing the mercury menace. This took courage; the type that will be necessary to provide wilderness legislation acceptable to Albertans.

D. J. Hayden, President,  
G. C. Stretch, Policy Chairman,  
J. N. Monaghan, Secretary.

## RECREATION

### SWIMMING

The annual swimathon will take place on the morning of Saturday, Aug. 15 and the public swimming session from 9 a.m. - 12 noon is cancelled for that day.

There have been several instances of "trafficking" in season passes for the swimming pool. It must be pointed out that these passes are not transferrable. Each pass is for the exclusive use of the person whose name appears on it and if presented by any other person it will be

## Hi-Lites

revoked as stated on all applications for season tickets.

### TENNIS

There was a good turnout for the novelty doubles tournament which was held last Wednesday evening. The winners were Judy Wood and Clark Warren.

In the Inter-club tournament, St. Albert has now reached the semi-finals. The representative team has done very well so far and good wishes go with them on the way to the top!

## Aircrew Reunion

In conjunction with Manitoba's Centennial, The War-time Pilots' and Observers' Association has planned a "nostalgic happening" for Sept. 24-27, 1970. The function will be centred at the Winnipeg Inn, Winnipeg's newest and finest, which will officially open on Sept. 1.

The welcome mat is out to wartime flyers of any war, regardless of rank or aircrew specialty, and attendance is anticipated from all corners of the Commonwealth and the United States.

The function will coincide

with Manitoba's Centennial Air Show and an outstanding program is in the making. Following registration Thursday evening, five hospitality rooms are available for bomber, coastal, fighter, training, and transport/ferries commands personnel. A luncheon will be held Friday with an outstanding speaker with a special program for the ladies. A banquet is slated for Friday evening, with another outstanding speaker. Saturday starts off with a western breakfast, attendance at the air show in the afternoon, and the wind-up dance.

## Windstorm alerts fire department

Gale-force winds which struck the district Friday evening had the local fire department on the alert as two calls involving danger from high tension wires were received.

In the first incident a tree was blown over, striking a high tension wire which was sparking against the roof of a vacant house on St. Albert Trail across from the Royal-Alle service station. Fire crews were on standby but no fire developed.

Another incident at the back of Geneva Crescent involved a tree falling against high tension wires but Cal-

gary Power personnel were able to cut the tree down before fire started.

Other than these two calls occasioned by the storm, Fire Chief Fred Teterenko reports all quiet on the local scene.

Driver suspensions under the demerit system have reached a total of 10 as of July 31, reports Hon. Gordon E. Taylor, Alberta minister of highways and transport. Seven of these driver suspensions occurred in July. Each driver suspended had obtained 15 or more demerit points.

## LEAVING ST. ALBERT?
